

REFRIGERATION & CLIMATE COMPONENTS SOLUTIONS

MAINTENANCE PRODUCTS
for refrigeration
and air conditioning systems

EXTERNAL CLEANING

A regular maintenance in order to increase the energy performance of the installation

CARLYCLEAN

DETERGENT - GREASE REMOVER
for condensers, evaporators, coils,
fans and food surfaces in indirect contact

- Easily cleans and removes oils, greases, dusts ... even incrusted
- Compatible with aluminium, copper, brass...
- Total eligibility to food contact after rinsing with drinkable water
- Concentrated. Can be diluted (see technical documentation)
- Biodegradable (>70%)
- Citrus fruits scent
- **Packaging: 500 ml - 5 liters - 25 liters**

ECO-RESPECT,
our course of action !

POMPE 5000 MANUAL SPRAY 5 LITERS

- Directional or conical jet spray
- Pressure 3 bar
- Brass piston rod, viton gaskets

New

SPECIAL ALU

CARLYCLEAN-MC

CLEANER and DEGREASER for aluminium
micro-channel exchangers

- Removes dust, pollen, grease and viscous deposits
- Neutral pH
- Preserves the natural protective layer of aluminium oxide from exchangers
- Non-foaming
- Biodegradable (>70%)
- Ready to use
- **Packaging: 500 ml - 5 liters - 25 liters**

CARLYCLEAN-F

FINISHING CLEANER all surfaces (plastics, metals...) and food surfaces in indirect contact

- Cleaning Foam. Eliminates greases, viscous deposits, dust ...
- Validated for fortuitous contact with food (homologation InS n°1795799)
- Total eligibility to food contact after a rinsing with drinkable water
- Biodegradable (>95%)
- Green Tea perfume
- Ready to use
- **Packaging: spray 400 ml**

CARLYNET

GREASE REMOVER for air exchangers
and very fat surfaces (kitchens)

- Removes highly encrusted oils, fats and impurities
- Can be used on surfaces made of steel, copper, brass, aluminium...
- Fast drying
- Without chlorine or fluoride
- Citrus fruits scent
- Ready to use
- **Packaging: aerosol 400 ml**

CARLYBIO

DISINFECTANT for evaporators, water bins, filters ...

- Contains a very effective bactericide and fungicide, which destroys microorganisms (Salmonella, Listeria, Legionella Pneumophila...), molds and fungi (Candida Albicans, Aspergillus Niger...) in 15 minutes of contact
- Stops the proliferation of bacteria
- Avoids the formation of bad odors
- Easily biodegradable
- Ready to use
- Lemon fragrance
- Complies with standards EN 1276, EN 13697, NFT 72.150, NFT 72.170, NFT 72.301, EN 1650, NFT 72.200
- Packaging: 500 ml - 5 litres - 25 litres

ECO-RESPECT,
our course of action !

CARLYCLIM

DISINFECTANT, DEODORANT for air-conditioning and heating systems, indoor units of A/C, ventilation ducts, filters ...

- Destroys bad odors, does not mask them
- Very effective Bactericidal Disinfectant (EN1040) and Fungicide (EN1275)
- Prevents recontamination and reduces the risk of allergies
- Leaves a pleasant smell for several days
- Perfume with essential oils of tangerine
- One-Shot system (cars A/C, aeraulic networks...)
- Packaging: aerosol 150 ml - 400 ml

POS DISPLAY

- Packaging unit:
12 aerosols 150 ml

CARLYPRO: the 2 in 1

DETERGENT - DISINFECTANT for air condensers, evaporators and food surfaces in indirect contact

- Cleaner and bactericidal - fungicidal disinfectant
- Eliminates oil, fats, dusts...
- Removes bacteria (Pseudomonas, Staphylococcus, Legionella Pneumophila...) and fungi (Candida Albicans, Aspergillus Niger...) after 15 min' contact
- Total eligibility to food contact after rinsing with drinkable water
- Biodegradable (>90%)
- Mint fragrance
- Ready to use
- Complies with standards EN 1040, EN 13697, EN 1276, EN 1275
- Packaging: 500 ml - 5 liters - 25 liters

CARLYPRO-F

FINISHING DETERGENT-DISINFECTANT for all surfaces (plastics, metals...), including food surfaces in indirect contact

- Cleaning and disinfecting foam, bactericidal (EN 1276) and fungicidal (EN 1275)
- Eliminates oil, fats, dusts...
- Removes bacteria (Pseudomonas, Staphylococcus...) and fungi (Candida Albicans, Aspergillus Niger) after 15 min' contact
- Validated for fortuitous contact with food (homologation InS n°1796681)
- Biodegradable
- Without fragrance
- Ready to use
- Packaging: spray 400 ml

ECO-RESPECT,
our course of action !

LEAK DETECTION

Reduces greenhouse gas emissions

CARLYLOC

LEAK DETECTOR

- Specially designed for leaks of refrigerants and natural gas (CO₂, Ammonia, Nitrogen ...)
- Fast leak detection forming bubbles
- Adheres to all surfaces
- Practical aerosol usable in all positions (360°)
- New formulation: can be used on cold surfaces up to -20°C
- Ready to use
- Packaging: 500 ml - 5 litres - 25 litres - aerosol 400 ml

 **LOW TEMPERATURE USE**

ECO-RESPECT,
our course of action!

ANTI-CORROSION

Increases the lifetime of fin coils

CARLYCOAT

ANTI-CORROSION TREATMENT to protect the heat exchanger fins

- Resistant at temperatures ranging from -50°C to 550°C
- Without chlorine
- Ready to use
- Fast drying
- Packaging: aerosol 400 ml

TESTS FOR REFRIGERATING OILS

Detect anticipated used of the installation

TESTOIL

ACIDITY TESTS FOR REFRIGERATING OILS

- Fast and reliable oil acidity measure, ready to use
- Compounds of biodegradable substances, non-toxic for user
- TESTOIL-MAS: acidity test for mineral, alkylbenzene oils with additive and polyvinylether oils (PVE)
- TESTOIL-POE: acidity test for polyol-ester oils with additive
- TESTOIL-MP: TESTOIL-MAS + TESTOIL-POE
- Packaging: bottles 30 ml

STOPACID

ACID NEUTRALIZER

- Ready to use
- STOPACID-MAS: acid neutralizer for mineral and alkylbenzene oils
- STOPACID-POE: acid neutralizer for polyol-ester oils
- Packaging: bottles 30 ml

New

TESTOIL-3P-CO₂

ACIDITY TEST FOR CO₂ INSTALLATIONS

- Specially developed to measure the acidity of the oils used in installations operating with CO₂ (POE, PAG, PAO...)
- Fast and reliable measurement
- Ready to use
- Compounds of biodegradable substances, non-toxic for user
- Packaging: bottle 30 ml

ECO-RESPECT,
our course of action!

DETECTOIL-POE

IDENTIFICATION TEST FOR POLYOL-ESTER OILS

- Fast detection (few seconds) of the oil type, POE or other
- Ready to use
- Packaging: bottle 30 ml

CALORIES DISCHARGER

- Non-aggressive gel
- Without danger: non-corrosive, non-toxic
- Ready to use
- *Packaging: 600 ml*

ECO-RESPECT,
our course of action

Help the disassembling of blocked or corroded mechanical parts

ANTI-SEIZE LUBRICANT

- Anti-seize ; Lubrication
- Protection against corrosion and moisture
- Reduction of frictions
- Tar cleansing of mechanical parts
- Ready to use
- *Packaging: aerosol 150 ml - 400 ml*

Applications / Products

[illegible]

ECO-RESPECT, *our course of action!*

The manufactured products are:

ECOLOGICAL

Products formulated with non-toxic compounds for human, biodegradables > 70%, recyclable packaging (aerosols, plastic spray-can, cardboards)

ECONOMICAL

Concentrated product, may be diluted
Possible refill by can of 5 liters and 25 liters

ECO-RESPONSIBLE

CARLY products are manufactured with control of energies, water consumptions, reprocessing of waste...
